

TURKEY TROT PREDICT

November 23, 2019

This is a prediction run with a staggered start format. When you register, you predict your finish time for the 5K course. The clock is set to the highest predicted finish time of all the runners and set to count down. As the clock reaches the prediction time of each runner, that runner starts running. With this format, the slower runners start first, followed by the middle of the pack runners, and then finally the fast runners. If everybody predicts their time perfectly, all will finish at the same moment.

**NO ANIMALS, NO BABY JOGGERS/STROLLERS,
NO EARBUDS/HEADPHONES,
NO BIKES/TRIKES, OR TIMING DEVICES.
PLEASE RESPECT THE SAFETY OF ALL. *Thank you.***

Awards: 6 runners closest to his/her predicted time will win a turkey
1 runner furthest from his/her predicted time will win a Cornish game hen
